CAREER OBJECTIVE

Java Full Stack Developer (Fresher) with hands-on experience in Java, Spring Boot, Hibernate, MySQL, React, HTML, CSS, and JavaScript. Interest in building scalable backend systems, solving real-world problems, and contributing to modern web applications using clean code practices.

EDUCATION

B.Tech in Computer Science Engineering

KIPM College of Engineering and Technology

CGPA: 7.6

2022 – 2026

INTERNSHIP

Java Development Intern,

JSpiders / QSpiders Software Testing Training & Development Center, Noida

July 2025 – Dec 2025

- Gained hands-on experience in Core Java, Spring Boot, SQL, and REST API development.
- Worked on real-time backend modules involving CRUD operations, debugging, and API integration.
- Improved understanding of backend architecture, OOP principles, and API workflows.
- Enhanced problem-solving skills through daily coding tasks and technical reviews.

PROJECTS

Decentralized NFT Marketplace — Blockchain Based

Tech Stack: React, JavaScript, Spring Boot, Hibernate, Blockchain Tools

- Built a decentralized NFT marketplace enabling artists to mint, list, and trade digital artwork securely.
- Implemented ownership tracking and transaction workflows using blockchain concepts.
- Focused on improving transparency and security for digital art assets.

From Surplus To Support — NPO Website

Tech Stack: HTML, CSS, JavaScript, PHP, MySQL

- Connecting Donors with charitable organization with charitable organization for societal welfare.
- Simplified donations of books, clothes and essentials, fostering a culture of giving.
- Delivering a user-centric website that promotes Sustainable giving and community support.

SKILLS

Technical Skills:

- **Programming:** Java, JavaScript
- **Backend:** Spring Boot, Hibernate, REST APIs, JDBC
- **Frontend:** HTML, CSS, JavaScript, React.js
- **Database:** MySQL
- **Core CS:** Data Structures & Algorithms, Object-Oriented Programming
- **Tools:** Git, GitHub, Bootstrap, XAMPP

Professional Skills:

- Problem Solving, Debugging, Adaptability, Quick Learning

CERTIFICATION

Java Full Stack Development — JSpiders

- Completed hands-on training covering Core Java, JDBC, MySQL, Spring Boot, Hibernate, and front-end integration.
- Built CRUD applications and REST APIs with clean code practices.

Python Training — Hands-on Learning

- Trained in Python fundamentals with exposure to data analytics techniques and scripting.
- Completed practical exercises focused on logic building and data manipulation.

EXTRA-CURRICULAR ACTIVITIES

- Participated in Smart India Hackathon — Medico Project.
- Engaged in coding events and technical project showcases at college.
